

Tubular motor ideal for rolling shutters and roller blinds with mechanical stop and double insulation.

S Size Ø 35 mm.

Simple and practical

Easy adjustment of up and down limit positions thanks to the mechanical stop.

Saving

Time and energy saving thanks to the double insulation: just three power supply wires and no earth wire needed.

Compact and silent

United winding speed and power.

Code	Description	Pc/Pack	Certification
NS06000	3 Nm, 25 rpm, 6.5 Kg*	1	CE
NS11000	5 Nm, 25 rpm, 11 Kg*	1	CE
NS12000	6 Nm, 12 rpm, 12 Kg*	1	CE
NS18000	10 Nm, 12 rpm, 18 Kg*	1	CE

* Lifted weight
